

WE HEAR YOU

Camp Laurel: Teen Adventure 2024

- Allow for more downtime during the day
- We will not have a surprise element to the activities
- We will be sure to contract with a site that is clean upon arrival, has good food and has appropriate vegetarian and vegan options.
- Will ensure college tour is more engaging for the youth
- Counselor breaks will be created in a schedule for all to follow
- We will actively recruit more medical staff
- Will actively recruit more Help Team members
- Online training will have a quiz after each subject to ensure material has been understood (i.e. the HIV Training online will have a quiz that must be past to move to the next section)
- DEI training will relate to our campers and staff
- Training will be better organized so topics flow and make sense
- Training felt like it wasn't specific to our kids, the nature of the population we serve
- We are creating a Discord Channel to keep counselors connected
- Planning a reunion to keep counselors connected (Bowling, hiking, skating, something in Pasadena, Karaoke)
- We will be sure we have Margot's Closet available at camp
